SUPERVISORIAL DISTRICTS 4 AND 5
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve the enclosed Engineer's Reports, either as filed or as modified, regarding annexation of territories to County Lighting Maintenance Districts 1687 and 10006, County Lighting District LLA-1, Unincorporated and Diamond Bar Zones, and levy of assessments within the annexed territories for street lighting purposes. The proposed annexation areas are located in the unincorporated areas of Hacienda Heights, San Dimas, Azusa, Altadena, and the City of Diamond Bar, as shown on the enclosed maps.
2. Adopt the enclosed Resolution of Intention to Annex Territories to County Lighting Maintenance Districts 1687 and 10006, and County Lighting District LLA-1, Unincorporated and Diamond Bar Zones, and Order the Levying of Assessments within the Annexed Territories for Fiscal Year 2005-06.

3. Set a date for a public hearing regarding the proposed annexation and levy of annual assessments within the annexed territories for street lighting purposes, with a base assessment rate of \$5 for a single-family residence within the Unincorporated Zone, and a base assessment rate of \$13 for a single-family residence within the Diamond Bar Zone for Fiscal Year 2005-06.
4. Instruct the Executive Officer of the Board to cause notice of the public hearing by mail at least 45 days prior to the date of hearing scheduled for _____. The mailed notice will include assessment ballots.
5. Instruct the Executive Officer of the Board to cause notice of the public hearing to be posted in three conspicuous places within the territories to be annexed and to publish the notice of public hearing once a week for two consecutive weeks in a newspaper of general circulation. Such posting and publication to be completed at least 10 days prior to the date of hearing, pursuant to Section 5838 of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Order changes, if needed, in any of the matters provided in the Engineer's Reports, including changes in the improvement, the proposed diagrams, or the proposed assessments.
2. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or opposition to the proposed assessments.
3. Determine whether a majority protest against the proposed annexation or assessment exists.
4. Adopt the enclosed Resolution Ordering Annexation of Territories to County Lighting Maintenance Districts 1687 and 10006, and County Lighting District LLA-1, Unincorporated and Diamond Bar Zones, confirming a diagram and assessment, and levying of assessments within the annexed territories for Fiscal Year 2005-06, and the enclosed Joint Resolutions Approving and Accepting the Negotiated Exchange of Property Tax Revenues resulting from the annexation of Petition Nos. 129-903, 30-304, 37-304 and 56-604 to County

Lighting Maintenance District 1687 and Petition No. 135-126 to County Lighting Maintenance District 10006, either as proposed or as modified by your Board. If there is no majority protest against the proposed annexations or assessments, the adoption of the Resolution will constitute the levying of assessments in Fiscal Year 2005-06.

5. Find that the annexations and assessments are for the purpose of meeting operating expenses; purchasing supplies, equipment, or materials; meeting financial reserve needs and requirements; and obtaining funds for capital projects, including the installation, operation, and maintenance of street lights necessary to maintain service within the areas proposed for annexation.
6. Instruct the Executive Officer of the Board to file a copy of the Resolution Ordering Annexation and the Joint Resolutions Approving and Accepting the Negotiated Exchange of Property Tax Revenues with the County Assessor, Ownership Services Section (Attention Soledad Osborne); and Auditor-Controller, Tax Section (Attention Kelvin Aikens).
7. Make a finding terminating the annexation, levy of assessments, and property tax transfer proceedings for Petition Nos. 129-903, 30-304, 37-304, 56-604, and 135-126 if the proposed annexation and levying of assessments have been rejected as a result of a majority protest.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

This recommended action is for your Board to annex the territories into County Lighting Maintenance Districts 1687 and 10006, and County Lighting District LLA-1, Unincorporated and Diamond Bar Zones, and levy assessments for Fiscal Year 2005-06, on the benefited properties within the annexed territories for street lighting purposes and approve the exchange of property tax revenues among those nonexempt agencies whose service areas are subject to jurisdictional change.

Your Board previously approved and filed Petition Nos. 129-903 (Valley Center Avenue), 30-304 (Los Altos Drive), 37-304 (Cranley Avenue), 56-604 (Loma Alta Park), 135-126 (Diamond Bar Golf Course), and adopted a Resolution Initiating Proceedings to annex territories to County Lighting Maintenance Districts 1687 and 10006, and County Lighting District LLA-1, Unincorporated and Diamond Bar Zones. These petitions

favoring the annexation and levy of assessments were signed by property owners representing 60 percent or more of the areas. These annexation areas are located in the County of Los Angeles but are not currently located within County Lighting Maintenance Districts 1687 and 10006, nor County Lighting District LLA-1, Unincorporated and Diamond Bar Zones.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility, as these annexations, levy of assessments, and property tax transfer provides the funding necessary for the operation and maintenance of street lighting facilities within these annexed territories.

FISCAL IMPACT/FINANCING

Sufficient funds will be included in the Fiscal Year 2005-06 budget for County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, to pay the estimated annual cost of \$2,687 for the operation and maintenance of the 21 street lights proposed within the annexation boundaries of Petition Nos. 129-903, 30-304, 37-304, and 56-604 until assessments and ad valorem property taxes can be collected from the benefited properties. Sufficient funds will also be included in the Fiscal Year 2005-06 budget for County Lighting Maintenance District 10006 and County Lighting District LLA-1, Diamond Bar Zone, to pay the estimated annual cost of \$5,238 for the operation and maintenance of the 31 street lights within Petition No. 135-126 until assessments can be collected from the property owners within the territory to be annexed.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The enclosed Resolution of Intention must be adopted to set a date for the required public hearing. Your Board, at the close of the public hearing, may delay its determination regarding the annexation and levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the annexation and assessments.

Under Proposition 218 (California State Constitution, Article XIII C and XIII D), it is necessary to follow the procedures for levying of assessments previously authorized by your Board, including the sending, receipt, and tabulation of ballots. The assessments will only be levied if the weighted majority of ballots returned are in favor of the assessments.

Affected agencies must approve and accept the negotiated exchange of property tax revenues pursuant to Section 99.01 of the Revenues and Taxation Code by resolution. For those agencies with their own governing boards who fail to adopt a resolution providing for the exchange of property tax revenues, your Board can approve the exchange of property tax revenue for that agency.

The Joint Resolutions approving and accepting the exchange of property tax revenues approved by the City of Diamond Bar for Petition 135-126, and other nonexempt taxing agencies for Petition Nos. 129-903, 30-304, 37-304, 56-604, and 135-126, are enclosed for your consideration. The City of Diamond Bar has executed the Resolution Granting Consent and Jurisdiction to the County of Los Angeles in the matter of annexation and to the assessments thereof for Petition No. 135-126. This resolution is on file with Public Works.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58852 et seq. of the Government Code. Copies of the diagrams showing the boundaries of the proposed annexation territories are included with the Resolution of Intention.

Following your Board's approval of the annexation, levy of assessments, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundaries changes as required by Section 54900 et seq. of the Government Code. The enclosed resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

This project is exempt from the California Environmental Quality Act pursuant to Section 21080(b)(8) of the Public Resources Code and Class 1(x)27 of the County's Environmental Document Reporting Procedures and Guidelines approved by your Board.

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ENGINEER'S REPORT
PETITION NO. 129-903**

The Board of Supervisors of the County of Los Angeles previously adopted a Resolution Initiating Proceedings for the Annexation of Territories to County Lighting District LLA-1, Unincorporated Zone, pursuant to the Landscaping and Lighting Act of 1972 of the Streets and Highways Code of the State of California for the purpose of providing for the estimated cost of \$865 for the operation and maintenance of six street lights located within the proposed annexation territory. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levy of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established lighting district and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in the district. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. A report showing the approved method and the assessment units to be assessed on the various types of lots and parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference. The proposed Fiscal Year 2005-06 assessments for the Unincorporated Zone is \$5 for a single-family home, with proportionally higher assessments for other land uses.

The parcels of real property affected are shown in Appendix A. These parcels are more particularly described in a map prepared in accordance with Section 327 of the Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference and in the attached diagram.

In accordance with Proposition 218 provisions, parcels within a lighting district that are owned or used by any governmental agency are now subject to street lighting assessments in districts where a new assessment is proposed.

The cost of operating and maintaining these lights can be financed by means of a special assessment, which can be applied to the benefited property owners.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition No. 129-903, and to provide for their operation and maintenance.

PETITION NOS. 129-903, 30-304, 37-304, 56-604, AND 135-126**

WHEREAS, the Board of Supervisors of the County of Los Angeles previously approved and filed Petition Nos. 129-903, 30-304, 37-304 and 56-604 requesting annexation of territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and Petition No. 135-126 requesting annexation of territory to County Lighting Maintenance District 10006, and County Lighting District LLA-1, Diamond Bar Zone, for street lighting purposes; and

WHEREAS, the Board of Supervisors on _____, approved the Engineer's Report for said territories, which contains a description of the improvements, estimated operating costs, diagrams of the territories to be annexed, and recommended assessments as required by law.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California, that:

SECTION 1. The public interest and convenience require, and it is the intention of the Board of Supervisors to order, the benefited territories described as Petition Nos. 129-903, 30-304, 37-304, and 56-604 be annexed to County Lighting Maintenance District 1687, and Petition No. 135-126 be annexed to County Lighting Maintenance District 10006, pursuant to Section 5837 et seq. of the Streets and Highways Code of the State of California.

SECTION 2. The public interest and convenience require, and that it is the intention of the Board of Supervisors to order, the benefited territories described as Petition Nos. 129-903, 30-304, 37-304, and 56-604 be annexed to County Lighting District LLA-1, Unincorporated Zone, and Petition No. 135-126 be annexed to County Lighting District LLA-1, Diamond Bar Zone, pursuant to Section 22605 et seq. of the Streets and Highways Code of the State of California.

SECTION 3. The public interest and convenience require, and that it is the intention of the Board of Supervisors to order, the expense necessary for the operation, maintenance, repairs, replacement, electric current, care, supervision, and all other items necessary for proper installation, operation, and maintenance of street lighting systems consisting of 16 proposed street lights on new and existing wood poles with overhead wiring for Petition Nos. 129-903, 30-304, and 37-20, and five existing street lights on concrete poles with underground wiring for Petition 56-604, and 31 existing street lights on concrete pole with underground wiring for Petition No. 135-126 shall be assessed in Fiscal Year 2005-06 upon each lot or parcel of land lying within the annexed territories in proportion to the estimated benefit received from the proposed street lighting improvements, and which should be assessed to pay the expenses of the operation and maintenance of said improvements.

The Engineer's Report, approved annually by your Board, establishes the annual assessment rate for all zones within County Lighting District LLA-1. For Fiscal Year 2005-06, the proposed annual assessment rate for the Unincorporated Zone is \$5 for a single-family residence and a \$13 annual assessment rate for single-family residence within the Diamond Bar Zone. This annual assessment for the operation and maintenance of street lights is added to the property tax bill of benefited parcels within the boundaries of County Lighting District LLA-1. Each year thereafter, an assessment for operation and maintenance costs, approved by your Board, will be added to the property tax bill. The Engineer's Report, on file with the Executive Officer of the Board, contains a full and detailed description of the improvements; the boundaries of the territories proposed to be annexed; the estimated costs of installation, operation, and maintenance; a diagram for the territories to be annexed; and the proposed assessment on each lot or parcel of land included therein.

SECTION 4. The boundary of the territories proposed to be so annexed consists of the areas shown on the attached maps.

SECTION 5. The proposed assessments are subject to majority approval of the property owners. A ballot and public hearing notice will be sent to all property owners within the area proposed for annexation at least 45 days in advance of the public hearing, in the form and manner specified by Section 53753 of the Government Code. The ballots will be weighted by the amount of assessment to be paid by each property owner. The territory will not be annexed, the proposed improvements will not be installed, and the proposed assessment will be abandoned if the weighted majority of ballots submitted are opposed to the assessment.

SECTION 6. The amount to be assessed for the expense of such installation, operation, and maintenance of the work or improvements described above shall be levied and collected in the same manner and by the same officers as taxes for County purposes are levied and collected.

SECTION 7. Proceedings for the levying of assessments shall be taken under and in accordance with the Landscaping and Lighting Act of 1972 (Division 15, Part 2, of the Streets and Highways Code) and Article XIID of the California Constitution.

SECTION 8. The levy of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996) that provides for property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territories proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner.

In addition to returning the assessment ballots, property owners may file with the Executive Officer of the Board a written protest against the proposed annexation at anytime prior to the conclusion of the public hearing. The written protest must identify the property owned and must state all grounds for objection. The protest may be withdrawn in writing prior to the conclusion of the public hearing. A majority protest will cause abandonment of the proposed annexation.
